- Organized hands-on instructional activities to supplement textbook instruction to engage and motivate students.
- Created and developed lesson plans to meet student's academic needs.

PROFESSIONAL SUMMARY

As a passionate Electrical Engineer with a strong affinity for coding, I have honed my skills in front-end development, UX/UI design, and web technologies. My continuous drive for learning and improvement has led me to acquire key certifications from Coursera, including the Meta certification for front-end development and the Google Certification for

Through my experiences as a Junior Front-End Developer, I have developed a deep understanding of HTML, CSS, JavaScript, and React, enabling me to create intuitive and visually appealing user interfaces. My work has consistently demonstrated my ability to deliver high-quality, interactive experiences for users while adhering to best practices and industry standards.

As I continue to advance my career, I am eager to collaborate with like-minded professionals who share my enthusiasm for innovation and problem-solving. My unique combination of engineering background, front-end development skills, and UX/UI design expertise will make me a valuable asset to any team. Connect with me to discuss potential opportunities, exchange ideas, or simply share your passion for technology and design.
